

Information for the 2009-2010 School Year
(This is for next school year.)

February 13, 2009

Dear Outdoor Education Coordinator,

How time flies, the planning for **2009-2010** Outdoor Education season is here again. Forms are available at www.ymcacampwillson.org.

Please return the *Request Form* by **March 17, 2009**. If you need more time, please contact us. Check your calendar for other scheduled events. Remember that we rotate schools through the seasons. In fairness, list a variety of dates to assist in our scheduling process.
Please, list more than one date for each season.

If you are recruiting a new school to our facility, please forward the information. You will receive a **\$200 discount** on your next Willson invoice after that school attends.

We have experienced some transitions in our leadership. Heather Wood is our Summer Camp Director, busy hiring for the summer. Annie Roeth is now the Outdoor Education Assistant Director. Annie has been a lead within the program for the past four years and is now enjoying the additional office responsibility and has a phone at extension 216.

If you are looking for an added challenge for older students, remember that seventh grade and up can participate on our high ropes course. Contact us for more information.

We look forward to another year of serving your needs. Enjoy a safe and healthy year, and we will see you again soon.

Sincerely,

Kori Keck
Outdoor Education Director
